IKO's Most Popular Shingle Gives You an (Almost) Unfair Advantage.

IKO Cambridge architectural laminate shingles in our special Advantage size feature a 5 7/8" exposure that is bigger than most in their class. They go down fast and easy. And with full coverage, the job costs associated with extra bundles and the labor to install them are lowered too.

Proper installation is vital for effective weather resistance. That's why we've enlarged our nail line to guide installers for correct nail placement and have made our FastLock® modified bitumen sealant thick and aggressive to promote a strong bond.

Homeowners will enjoy the high-end designer architectural appearance without the high-end designer cost.

IMPORTANT! To ensure complete satisfaction, please view several full-size shingles and an actual roof installation prior to final color selection as the shingle swatches and photography shown online, in our brochures and in our **ROOFViewer®** tool, may not accurately reflect shingle color and do not fully represent the entire color blend range, nor the impact of sunlight.

Note: Product and color availability may vary by region. Products with Miami Dade NOA, FBC product approval and Texas Department of Insurance listings are available. Please contact IKO for details. ¹See Limited Warranty at IKO.com for complete terms, conditions, restrictions and application requirements. Shingles must be applied in accordance with application instructions and local building code requirements. ²High-wind application is required. ³Lifetime means the period of time commencing on the date of the completion of the installation of the shingles on the building, and continuing so long as the owner owns the building on which the shingles were installed. ⁴All values shown are approximate. ⁵Products are developed with reference to these standards. ⁶Available in select markets.
